LOVE YOUR DOG
LOVE OUR PLANET

Product Catalogue

Since 2009 we've been on a mission.

Quite simply, to create the best possible products for cats and dogs, whilst doing as little harm to the environment as possible.

We've come a long way, but there's lots more we want to achieve. With environmental pressures greater than ever and the prospect of more plastic in the ocean than fish by 2050, as humans and pet owners, we need to act now - before it's too late.

I'm immensely proud of what the team at Beco have achieved so far and we promise to continue making products as sustainably as possible, whilst having a lot of fun in the process. We believe that every dog and cat, little or large, can make a big difference.

George
Beco Founder, Tarka's dad.

Using business as a force for good.

We're proud to be part of the community committed to positive change. It's a journey of continuous improvement. Whilst searching for new and better ways to bring your dog joy, we measure, offset and reduce our carbon footprint.

In support of social and environmental action, we donate 1% of every sale to projects making positive change.

FOOD

Naturally complete recipes that dogs love and you can trust.

ALWAYS

- Freshly prepared meat - responsibly sourced
- Grain free/vegetable full

- Compostable packaging*
- Loved by dogs, trusted by owners

*must be composted in an industrial composting facility.

NEVER

- Rendered meat meal/cheap cuts
- Cheap fillers
- Highly processed additives

DRY ADULT DOG FOOD

Wild Boar with Pumpkin & Broccoli

Free roaming wild boar is high in protein and hypoallergenic with a taste that dogs love. This grain-free recipe is filled with freshly prepared boar, vegetables and superfoods. Nothing artificial. All our ingredients are cooked at low temperatures to lock in their flavour and nutrients.

Some dogs can be picky little eaters. Nothing wrong with that though. It just means they know what they like. But wild boar, with its delicious, gamey flavour is loved by even the fussiest dogs.

Wild boar is a novel protein which means this recipe is perfect for dogs with common allergies or intolerances to things like beef or chicken.

Red meat tends to have a high carbon footprint but that doesn't have to be the case. Thanks to their naturally foraged diet, wild lives and lack of agriculture, when you choose wild boar instead of beef, you reduce the carbon footprint of the meat in your dog's diet by 98%.

Composition

Freshly Prepared Wild Boar (40%)*, Potato, Peas, Field Beans, Pea Protein, Chickpeas, Duck Fat, Lucerne, Brewer's Yeast, Minerals, Vegetable Gravy, Chicory (10mg/kg), Pumpkin (10mg/kg), Freshly Prepared Free Range Egg, Spirulina (10mg/kg), Camomile, Broccoli (10mg/kg), Milk Thistle Seed.

Key Points

- Free-roaming wild boar
- Gluten & grain free
- Great for fussy eaters
- Hypoallergenic
- Easily digestible

DRY ADULT DOG FOOD

Free Range Chicken with Carrot & Chicory

This free range chicken recipe is high in protein and gentle on the digestive system. We use freshly prepared chicken that is traceable from farm to bowl. This is a grain-free recipe filled with delicious meat, vegetables and superfoods. Nothing artificial. All our ingredients are cooked at low temperatures to lock in their flavour and nutrients.

As well as being gently digestible, our combination of freshly prepared chicken, pulses and vegetables are naturally filled with prebiotic vitamins to help digestion promote gut health.

We slow-cook our recipes between 90 - 120°C so as well as being delicious, they provide a diet that's full of nutritional goodness, with the convenience of dry food.

The chicken in this recipe is traceable. We've visited the farm ourselves to ensure the birds live free-range lives, with access to the outdoors, in an environment that mirrors their natural habitat.

Composition

51% Chicken (Freshly Prepared Chicken 45%, Chicken Fat 6%)*, Potato, Peas, Field Beans, Pea Protein, Chickpeas, Lucerne, Brewer's Yeast, Minerals, Vegetable Gravy, Chicory (5g/kg), Carrot (10mg/kg), Freshly Prepared Egg, Marigold, Spirulina (10mg/kg), Camomile, Broccoli (10mg/kg), Cleavers.

Key Points

- Free-range chicken
- Gluten & grain free
- Nutritious superfoods
- Great for sensitive stomachs
- Single protein

DRY ADULT DOG FOOD

Wild Caught Cod & Haddock with Kale & Chickpeas

This cod & haddock recipe is low in fat and high in omega 3 & 6. It's a grain-free recipe filled with freshly prepared fish, vegetables and superfoods. Nothing artificial. We cook it at low temperatures to lock in the flavour and goodness of the original ingredients.

The natural composition of cod and haddock means this recipe has only 10% crude fat so it's suited to dogs that are trying to shed some weight or are less active. It's high in Omega 3 & 6 to help support healthy joints through every stage of a dog's life, whether they're growing, adventuring or relaxing into their old age. We slow-cook our recipes between 90 - 120°C so as well as being delicious, they provide a diet that's full of nutritional goodness, with the convenience of dry food.

We have specifically chosen wild-caught fish species from fisheries that are deemed to support healthy populations. The Cod and Haddock population from the North Atlantic - FA027, has been monitored by independent bodies and is currently deemed to be productive and healthy.

Composition

40% Freshly Prepared Haddock & Cod (Freshly Prepared Haddock 35%, Freshly Prepared Cod 5%)*, Potato, Peas, Field Beans, Pea Protein, Trout Oil, Chickpeas 6%, Lucerne, Brewer's Yeast, Minerals, Rapeseed Oil, Vegetable Gravy, Chicory, Kale (10mg/kg), Broccoli (10mg/kg), Spirulina (10mg/kg), Freshly Prepared Free Range Egg, Camomile, Milk Thistle Seed, Rosehips.

Key Points

- High in omega 3 & 6
- Gluten & grain free
- Freshly prepared fish
- Low-fat recipe
- Aids a shiny coat

DOG FOOD FOR PUPPIES

Free Range Turkey with Pumpkin & Spinach

This freshly prepared free-range turkey is packed with protein and amino acids, supporting your puppy's muscle growth and healthy development. We've added a little extra glucosamine to support growing joints and bones. This recipe is grain free and filled with nutritious vegetables cooked at low temperatures. The smaller kibble size makes it perfect for small breeds, big breeds and every dog in between.

High in protein and good fats, turkey helps build muscle and has just the right calories to maintain weight over growth. We've added an ingredient called glucosamine that supports healthy joints and bones.

We cook our meals between 90 - 120°C so as well as being delicious, this recipe provides a diet that's full of nutritional goodness, with the convenience of dry food.

The turkey in this recipe is traceable to the farm. We've visited ourselves to ensure the birds live free-range lives that mirror their natural habitat.

Composition

51% Freshly Prepared Turkey (Freshly Prepared Turkey 40%, Freshly Prepared Turkey Fat 11%)*, Potato, Peas, Field Beans, Potato Protein, Chickpeas, Pea Protein, Minerals, Brewer's Yeast, Lucerne, Trout Oil, Vegetable Gravy, Joint Pack (Glucosamine, Methylsulfonylmethane, Chondroitin Sulphate), Chicory, Pumpkin (10mg/kg), Spinach (10mg/kg), Bilberry, Freshly Prepared Egg, Broccoli (10mg/kg), Spirulina (10mg/kg), Camomile, Burdock Root, Milk Thistle Seed.

Key Points

- Free range turkey
- Gluten & grain free
- Smaller kibble size
- Added glucosamine
- Nutritious ingredients
- Easily digestible

Tetra Pak, it's been confined to the juice aisle for too long.

We use Tetra Pak for our wet food because it's an amazing packaging that is made from 70% renewable materials, using card from FSC certified forests. It's also super efficient to transport and recycle, minimising its environmental impact at every step.

WET ADULT DOG FOOD

Wild Boar with Broccoli & Carrots

A naturally delicious recipe that dogs love. Lean and tasty wild boar mixed with nutritious vegetables in a meaty gravy. It smells so great you might be tempted to try it yourself. This recipe can be enjoyed as a complete diet or topper. Packaged in recyclable Tetra Pack, made from renewable FSC certified materials.

Some dogs can be picky little eaters. Wild boar, with its delicious, gamey flavour is great for fussy dogs. Thanks to their naturally foraged diet, wild lives and lack of agriculture, the carbon footprint (CO₂e) of Wild Boar is reduced compared to conventional red meats.

Composition

Wild Boar (26%), Free Range Chicken (24.4%), Potato (2.4%), Carrot (2.3%), Broccoli (1%), Leek (0.5%), Sunflower Oil, Algae, Minerals, Lignocellulose.

Key Points

- Wild boar
- Great for fussy eaters
- FSC-certified recyclable packaging
- Easily digestible

WET ADULT DOG FOOD

Wild-Caught Tuna with Pumpkin & Peas

Wild-caught tuna, with pumpkin and peas in a delicious gravy that your dog can enjoy as a complete diet or a topper. Low in fat and high in Omega 3, tuna is a fantastic source of protein, whilst pumpkins and green peas are full of nutritional goodness. We've used Tuna that has been independently certified to the MSC's standard for a well-managed fishery. Packaged in a recyclable carton, made from renewable FSC materials.

The natural composition of tuna makes this a low-fat recipe. It's perfect for dogs that are trying to shed some weight or are less active. It's high in Omega 3 to help support healthy joints through every stage of a dog's life, whether they're growing, adventuring or relaxing into their old age.
